

August 2018

Steve Herren's Gunboat "Philadelphia"

Seventeen members attended the August meeting, three just back from the IPMS National Convention in Phoenix.

Arthur Berwick's Egyptian 3mp-3

Their report was very positive especially about our club display there and how well it was accepted. There were no negative reports about the event except about how easy it was to find things to buy as our display was set up in the Vendors area. All came back with some new models. Sal Samaniego won a Squadron Shop door prize, a Tiger Tank model in his favorite 1/35 scale. Just by a trick of fate, he also builds lots of German armor. Cest la Vie!

Carlos Delgado's Shin Meiwa PS-1

Roy Lingle sent me pictures of our display table. I will include some if not all in this issue. They did not tell me how many clubs had a not to be judged display. Usually there are club displays that are entered for judging.

Sal Samaniego's F-16

Thanks to Jack Callaway, Bill Coster, Joe Martinez, Jim Davis, Charlie Flores Roy Lingle, Michael Garcia, Michael Kennedy and Kevin Malloy for contributing to the display in Phoenix.

Joe Martinez won three First Place awards in Figures and a Second Place in the Busts Category at the Nationals. He had a great trip with Yvonne, his wife. Well done.

Dixi Fischer's Hedge Hog Bed

Jim Davis's F3F-1

Duane Velasquez is out of the hospital after some surgery due to complications from his diabetes. The Bassett Place Show is in the works. The dates are September 22, a Saturday and November 22, a Sunday and Veteran's Day. More on that as we get more details worked out. Only four more meetings this year plus the two displays.

Tommy Delgado's SH-58 /UH-34D

Thanks to Steve Herren for the photos this month. And a Big Thanks to those members that help with the set up and take down of the photo equipment. Gentlemen and Scholars all.

One of Joe Martinez's First Place at Phoenix

It has been reported that Don Fenton and Jerry Wells, both former members here, attended the Nationals in Phoenix.

Arthur Berwick's Tract with Angled Blade

Arthur Berdick's 35th Dragoon

Arthur's Captain Line Infantry

Carlos Delgado's A-37

I spent a great deal of time correcting the information provided on the photo sheets and providing information that was not provided by the modeler.

Our next meeting is on September 9, 7000 Edgemere, 2:00 PM

A few notes on the pictures:

- Jim Davis marked his F3F-1 as it was on the U.S.S. Wasp (CV-7) in 1938.
- Dixi Fischer made the Hedge Hog bed from balsa and strips of wood with bark.
- Arthur Berdick did not list the kits used for his figures but as most were in 90 mm scale they were made of metal.
- I guess a couple of the membership hoped I saw what they brought to show as they did not fill out any paper work.
- Some that were filled out were incomplete and I did the best that I could with what I had.
- As the GLUE is sent all around the world, I try to make it as nice as I can but by the time I get it put together and sent, I have lost interest in doing it all.

Name	Model	Scale	Kit	Circa
Arthur Berwick	Grenadier Guard	90mm		1801-1805
	8th Hussar	90mm		1813-1815
	Line Infantry	90mm		1811-1815
