El Paso Scale Model Society The GLUE

AUGUST 2012

Charlie Flores' 1/350th scale
PRC/PLAN Type 039A Yuan class
SSG submarine

THE MEETING

We had a good meeting with several members bringing some nice models to show. Our attendance was 40 modelers, family and visitors.

Thanks to **Don Fenton** for providing some models and decals for the door prize stash.

Sgt Allan Hill from the *Wounded Warriors* barracks at Ft. Bliss presented the club with a really nice

FirstArmor plaque for our Wall of Fame for our contributions to the WW Unit.

He also presented **Roy Lingle** with a WW T-shirt for his personal assistance to those who needed rides and other things that Roy provided on his own time and at his own expense. Sgt. Hill also gave his thanks for us as a club for our support and contributions to him personally and for interest in him and his family

Jerry Wells, Mike King and Charlie Flores attended the National IPMS Convention in Florida the week end of August 9-11.

Our **Bassett Place Show** is scheduled for the last Sunday in August. Set up time will be at 8:00 A.M. We will enter the Mall through the entrance on the freeway side next to Kohl's.

We should have a great show by the number that signed up for the event. I read an article in the new IPMS Journal where some place had a great contest with 250 models at their event.

THE MEETING

Our show is a display only show and we should have at least 460 models on the tables. We have had 200 plus armor models on the tables at some of the earlier shows and this one should be no different.

SHOW & TELL

Steve Hennesse, one of new members that joined in July brought another of his nice car models. Steve had a Revell 1/25th scale 1969 Chevrolet Camaro SS Convertible.

Steve Herren, to show his support for **Steve Hennessee** also brought some of his cars to show. This Steve had 2, 1925 Model T Fords, one as a standard Model T and the other as a Drag Racer built from the AMT kits of yore. Another was the Revell, NASCAR Kodak Monte Carlo. His last car model was a 1969 Ford Mustang.

SHOW & TELL

Jose C. Diaz had a 1939 International Bus in 1/32nd scale as finished model. He also had two Dina Avante buses as WIPs. Jose and his scratch built buses were also featured in the August issue of the Austin Scale Modelers newsletter.

Charlie Flores had three nice models to show. He had a Hobby Boss 1/350th scale PRC/PLAN Type 039A Yuan class SSG submarine. Another model was a 1/72nd scale Hawker Hurricane. He also had 1/72nd scale F4F-4 Wildcat in VMF 223 markings from 1942.

Allan Hill brought a 1/44th scale Su-47 Berkut in Digital Camo. Sgt. Hill also wore his model club shirt that we presented to him as an honorary member of our club.

John Paul Jones brought a model kit of unknown origin, possibly a William's Brothers pilot that had been modified with Milliput to look like his brother, Wiley who builds and flies RC. JP added surgical tape straps to figure and painted it with Artist's Acrylic paints. JP gave his brother Wiley this model as a Christmas gift.

Michael Kennedy had a great looking Monogram A-10 WarHog in 1/48th scale. As most that have built this kit know, it takes some effort and great deal of putty to make this kit look good. Mike did a great job and used weapons from various kit makers to do a complete weapons load out. He also scratch built some parts to enhance the over all look.

Julio Sanchez had two 1/32nd scale aircraft to show. He had the Me 110 built OOB from the old Revell kit. He also had one of the new Revell Ju-88's as a WIP. Still in the box Julio had the Zoukei-Mura P-51. This is one box full of plastic parts.

Raul Reyes brought some more of his armor kits to show. He had a Flak 36, 88mm gun, a Flak 37 88 mm gun, and a Jagdtiger and PzKw II. No scale given, but probably 1/35th scale. There was no kit info either, but nice work on all.

Carl Webster brought an IDF Sgt. York based on the Tamiya Sgt. York turret placed on an Academy Merkava IV hull as a what if model. Looked like a winner of an idea.

Carl also had a Tiger I built from the Academy kit in 1/35th scale.
