

## January 2025

Roger Gutierrez's Military Trailers

Our January meeting was very successful. How do I know? I read that on the inter-net. Gotta be true, because it was there. No joking, we had a great meeting with 42 members, family, and guest in attendance. Thanks to Michael Kennedy for the photos this month. A special Thanks to Tracy and Tomas Navar for providing the cupcakes and ice cream to celebrate my birthday. I almost used a picture of me reaching for the cupcake with the candle on the first page but decided to use a modeling photo instead. My daughter was not aware of the dietary concerns of several members and asked me to apologize for not having something that those folks could eat.

Our next meeting is this coming Sunday, February 2. 7000 Edgemere, St. Paul's Methodist Church from 2:00 until 4:00. Bring a model. Bring a Friend. Come and enjoy the inspiration provided by our fellow modelers.

The inner action among the membership is outstanding, in my opinion. There is much interest shown by the membership in whatever what people bring to the meeting to show and discuss. That makes our meetings enjoyable. We do not spend our time seated in rows, discussing business but gathered around the models, talking to the builder, etc.

David Guzman's Scene from Polar Lights "Lost in Space"

The 2025 modeling year dues are due. They are still only \$15.00.

**IPMS National Members.** Please provide your membership number and expiration date to Gustav Hebrok. We are required to have at least 5 National members to retain our Charter. I believe we have about 12 National members.

Zahir Vera's Trumpeter M117 in 1/72<sup>nd</sup> scale

Zahir Vera's AFV 1/35<sup>th</sup> scale M113

Tony Barnard's AMT 1/25<sup>th</sup> scale 1965 Chevrolet II Station Wagon

This kit came only as a body, interior, chassis, windows, and tires. Everything else Tony added to the original parts. He also added the following items: the motor, intakes, and carburetor. Also, a new radiator, new shifter, seat belts, and new wheels. He then added a new fuel cell, a nitrous bottle plus fire extinguisher. He scratch-built the roll cage and used Tangelorange paint on the body.

Carlos Delgado's Dragon 1/35<sup>th</sup> scale King Tiger

Michael Garcia's Polar Lights Mystery Machine"

Roger Gutierrez's trailers info: Mini Art G-518 one-ton cargo trailer "Ben Hur." Italeri 250-gallon Tank Trailer and Italeri M101 Cargo Trailer.
