El Paso Scale Model Society The GLUE

JANUARY 2012

Steve Herren's Bell H-13H in 1/35th scale built from the Revell Kit.

The Meeting

The *El Paso Scale Model Society* got off to a good start for 2012. We had a good turn out of about 30 members and family. Twenty-four members have paid their dues for 2012. A reminder all dues run from January to December and are still \$15.00. An oddity for El Paso, we had rain at the December meeting and again for the January meeting.

We had a new member join us at the January meeting. Welcome to **Jeff Leiby**. If the name is familiar, Jeff has written a number of reviews for the IPMS Journal. If I am correct, we will have some pictures of some of Jeff's work in this issue of the GLUE. Jeff had attended several meetings during 2011 and now is an officially our newest member.

Another new item to announce is that **Fabian Nevarez** has offered to do the layout for the GLUE and to give **John Estes** a break from that chore. Thanks, Fabian.

Don Fenton has retired from his long time job at Phelps Dodge and was at the meeting.

Welcome back, Don.

The Meeting

John Estes spoke with **Jim McDaniel** on the phone and reports that Jim sounds much better. Jim has even started on a couple of models, a P-40 and a P-26, both in 1/48th scale. Jim sends his regards to all.

Charlie Flores was back after a couple of months and asked if we might have a contest or two during the coming year. The December GLUE had a notation that it appeared as little interest was held by the club in holding contests that we would not hold any. If the club is interested, we will have our first contest of 2012 in March. The usual rules will apply. You should judge if you enter and we will divide the categories by the number of types and scale entered.

John Estes gave a treasurers report. We are doing okay as to funds at this time.

The meeting was a *Show and Tell session*. There were a large number of models on the tables and some new kits still in the box to look over and discuss.

Mike King's Hasegawa Ki-84 in 1/72nd scale

Mike King's BN6 Jill in 1/72nd scale

Mike King's FireFly Mk I in 1/72nd scale by Frog

Show and Tell

Mike King brought several kits to show. Mike had a Ki-84 built in the markings of the 40th Sentai, circa 1945. Mike had dropped the flaps on this old Hasegawa kit. Another model was a FireFly Mk I built from the Frog kit and marked in British Pacific Fleet markings, circa 1944. Mike had a Nakajima BN6 "Jill" built from the Nakajima kit. Mike also had Mosquito PR Mk XVI in US Markings.

This aircraft was from the 802nd recon Group of the 25th Bomb group, 8th A.A.F. All kits were in 1/72nd scale.

Jeff Leiby had a Pzkwf 741(e) from an unknown SS Battalion. It was in 1/35th scale was built from the Dragon kit. Another kit that Jeff brought to show was an A-13 Cruiser Mk I in

German markings as a captured vehicle, circa 1941 and was made from the Bronco Kit. This model was also in 1/35th scale. Jeff also had a WIP, but more on that next month.

Roy Lingle had an OOB kit to show.

It was a Sci-Fi tank from the Warhammer 40,000 game. Roy was not sure of the scale and the kit was manufactured by Citadel. The model was an Imperial Guard Shadowsword/Stormlord Super Heavy Tank and can be build one of six different ways.

Steve Herren brought a Bell H-13H I 1/345th scale built from the Revell Kit.

Five year old, **Adriel Patino** brought a Tu-95 Bear D in 1/200 scale. I think this may have been the Dragon kit.

Carlos Delgado, one of our Juarez, Mexico members had a very nice A-4 Skyhawk in 1/32nd scale built from the Hasegawa kit.

Jerry Wells had a couple of models as works in progress but as I did not get the info, I can only state that one was a Vought Kingfisher in 1/72nd scale. Jerry also brought his drone controller shown in an earlier issue of the GLUE.

Jose C. Diaz had another of his paper buses as a WIP.

Show and Tell

Charlie Flores' USS Gato and Kilo Class Submarines in 1/700th scale

Charlie Flores' F4U-1 Corsair in 1/72nd scale

As mentioned before, **Charlie Flores** was back after a couple months absence. He came back in a Flash of Glory. Charlie had an F6F-5 Hellcat built from the Platz 1/144th scale kit. Another kit was the USS Gato SS-212 built from the Hobby Boss kit in 1/700 scale. Another Hobby Boss kit was an SSK Kilo Class Russian submarine. It was a Hobby Boss show for Charlie as he had an F6F-3 and an F4U-1 Corsair, both in 1/72nd scale.

There was a lot of very nice work by a large number of modelers and Thanks to all who brought their latest efforts.
