

March 2025

Display at Bassett Place

The March meeting was another great event with thirty-six members, family and guest in attendance. Rick Mena brought Mitzy Lira to the meeting. Welcome, Mitzy.

There were many outstanding models to be photographed and to admire at the meeting. Thanks to Michael Kennedy for his photo work again this month.

Also, we need to welcome our new member Nicholas Dominguez to the club. He also had a visitor with him, but I was not able to get the young man's name.

The Bassett Place Mall show on March 8 was another success. Our members gave an outstanding display. There are many pictures on the Facebook page. You might want to check them out as I have almost fifty photos from the March meeting to include in the GLUE.

Some years ago, we did a Make and Take event with a Horizon City Boy Scout troop. Joe Martinez has suggested that we look into doing another with a Cub Scout troop. I contacted our new R6 Chapter contact, Tim Robb, however, he did not have an answer but passed my inquiry on the National level. No answer has come from the Nationals. Do we as a club, wish to finance this undertaking as a part of our supporting our hobby? I plan to bring this item of business at the April meeting.

This coming meeting is the fourth meeting of the year. Our dues are \$15.00 for the year. newsletter. We donate to the church for them allowing us to meet in t Several attendees have not paid their dues. Should I not include the photos of the models built by those that have not paid their dues in the newsletter.

Richard Macias at the EAA Breakfast

Richard Macias travelled to Las Cruces to attend the monthly EAA Breakfast, He took several of his models to display at the event. The Civil Air Patrol Cadets showed great interest to his efforts. Thanks, Conrad for sharing the photo with us.

We had an excellent turnout at the EAA Breakfast. . They were well received and especially inspiring to the young members of the Civil Air Patrol and the Air Force Junior ROTC.

Joe Martinez's Academy 1/35th scale Pzkwf 35(t) France 1940

Joe used a DEF detail set with tow cables from Karaya of Poland.

The tank commander is from a Tamiya Wehrmacht set. The upper torso of the driver came from the same set but Joe added a head from Alpine Miniatures. The folded Zeltbahn on top of the Jerry cans was made from sheet lead. The helmets came from his spare parts box, and the folded and rolled tarps bundles were from Value Gear. Joe used Lifelike and Vallejo paints weathered with oil paint and pigments.
