

November 2024

Our November meeting had 35 members and guest in attendance.

It was another great meeting with some very nice modeling efforts brought to show, photograph and discuss.

From this to this

John, I've attached three photos of the model that won its class at Scale Model World 2024 in Telford, UK. Use whichever you like

The kit is a Dodge Weapons Carrier model 52 MG by Skybow Models in 1:35 scale. It was built box-stock except for the addition of spark plug wires in the engine compartment and stowage added to the bed. The stowage is by Value Gear.
