

October 2019

### Pumpkins, Pirates and Pizza II – Hedgehog Halloween

The October meeting got off to a good start with 30 members and guest present. Our guest was Enrique Robles. Welcome, Enrique, we hope you had a good experience at the meeting.

J.W. Williamson, known to us as Wayne, has returned to El Paso for a couple of years in his job. Wayne is a native of El Paso and is an armor modeler with a great deal of talent in that field. We are glad to see you back and Wayne has been a member in good standing of the group, even while he has been traveling around the world, as a paying member.

The picture above was taken by Dixi Fischer and titled Pumpkins, Pirates and Pizza II.

It was one of two sent, of course, but the editor took the option to retitle it as there are pirates in the picture but this October and Halloween is coming up soon.

Michael Kennedy's T-38

Michael Kennedy sent me this picture of his T-38. He was playing around with a home-made photo booth. Looking good.

Arthur Berdick's 1/72nd scale Patriot Missile

Our Veteran's Day Bassett Place Display will be November 10.  
More information when it will become available.

Steve Herren's HMS Peregrine

Many thanks to Bea Herren for chauffeuring Steve to the meeting and helping set up the photo area. And, thanks to Steve for the photos.

Pumpkins, Pirates and Pizza (detail) by Dixi Fischer

**Our next meeting will be on November 3, 7000 Edgemere, 2:00 PM.  
Sign up for the Veteran's Day Event and information about location.**

Arthur Berdick's Tank Transporter with M3A1 Stuart

Arthur Berdick's Bucket Loader and Crawler 60

### ***On the Tables:***

**Arthur Berdick** had a number of models to show at the meeting. In 1/35<sup>th</sup> scale he brought a Thunder Models "Crawler Sixty" tractor, a US Army Frontend Loader also by Thunder Models, an M 41 "Walker Bulldog" by Tamiya and an M19 Tank Transporter by Merit Models with an M3A1 Stuart Light Tank from Academy. In 1/72<sup>nd</sup> scale Art had a Japanese Self-defense Force Patriot missile launcher.

**Jim Davis** brought a Siga Models FJ-1 Fury in VF-561 "Screaming Eagles" markings aboard the USS Boxer CV-22 circa 1948.

**Kai Garcia** brought a 1:3000 scale U.S.S. New York LPD from Dutch Flee Miniatures, a 3D printed model.

**Michael Garcia** had a Revell First Order TIE Fighter and a Tamiya 1/72<sup>nd</sup> scale HSS-1 in Japanese Maritime Self-Defense Force markings.

***On the Tables*** (continued)

**Steve Herren** brought his latest ship model, a 1/60<sup>th</sup> scale HMS “Peregrine” built from a Mantua kit.

**Michael Kennedy** had a 1/48<sup>th</sup> scale, Sword T-38A with several scratch-built parts and finished with Fundecals and kit decals. He also furnished a picture of the model for me to use.

**Richard Macias** brought a Hasegawa q/7<sup>nd</sup> scale F-1A “Tomcat”.

**Salvador Samaniego** brought his finished 1/48<sup>th</sup> scale “Skyraider” by Tamiya, with the toilet bowl bomb.

**Justin Segovia** finished the 1/700<sup>th</sup> scale U.S.S. Arizona from the Hobby Boss kit given to him by Conrad last month. Justin also had a Japanese Heavy Cruiser the “Aoba” in 1/700<sup>th</sup> scale.

**Wayne Williamson** brought an AFV Club Hawk Missile Launcher with missiles 6/56 Vietnam circa 1968.

**John Estes** had two Hasegawa Fw 190 A-8's in 1/72<sup>nd</sup> scale which were not photographed.

Clifford Bossie Duane Velasquez

Sal Samaniego

Charlie Flores

Dixi Fischer

Mike Garcia

Conrad

Mike Drapes

Kai Garcia Juan Patino

Enrique Robles

Richard Macias

Joseph Roper

Roy Lingle

Jim Davis

Mike Kennedy

**Editor's note:**

I do the GLUE in Word. I don't use a template, I just lay it out each month as I go through the pictures. Sometimes, I make notes and do a cut and paste of each paragraph. Other times, I just try to remember what I wanted to report from the meeting.

The more information you give on the photo information sheets, the better I may be able to report what you did as modeler. Sometimes, I look up a particular model on a web, site as I am not always familiar with the latest kits that have been released.

I am not a trained graphic artist, nor have I had a class in computers. I just keep at this and try to work out any problems that arise while doing each issue.

**Our Veteran's Day Bassett Place Display will be November 10.  
More information when it will become available.**
