by Joe Martinez

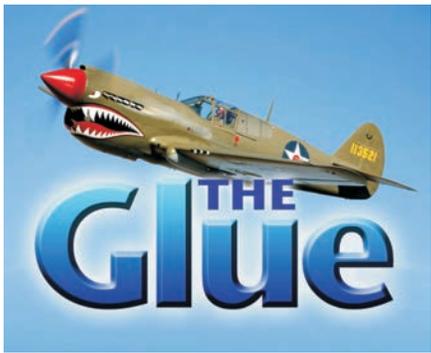

Young Miniatures 1/9th scale US Paratrooper
by Joe Martinez

Meeting News

We had a bit of a weak turnout for the first meeting of the New Year, only about 26 in attendance. Dues are due and some 25 have paid their dues. I thought we had a pretty meeting and those that did not make it missed seeing some pretty neat models.

John Estes had a question and answer session with those that were interested in the programs for the coming year. **Charlie Flores** suggested that we have some of our programs be given by our National Contest Winners. I seem to remember that I have asked if any one wanted to give a program to let me know so that we can announce it to the membership.

“The Glue” is the official publication of the El Paso Scale Model Society. We publish on a monthly basis and try to cover just about any area of interest that club members may have.

Model pictures, articles, kit reviews, suggestions of any kind, wants and disposals, items for publication, and general gripes, should be sent to the following email address:

BagpipeJM@aol.com

(**Basset Show #1**)

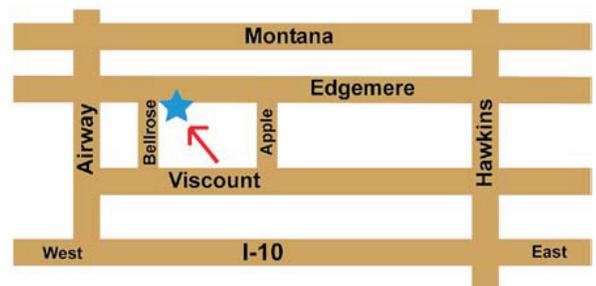

The El Paso Scale Model Society

Our club is a chartered chapter of the International Plastic Model Society - U.S. Branch (the IPMS-USA). The EPSMS was first organized in 1969, received its charter in 1970, and has been continuously active since that time.

We are a non-profit organization dedicated to promoting the art of scale modeling (regardless of construction media), and membership is open to anyone interested in scale modeling. Club membership dues are payable on an annual basis (we can accept cash or personal checks). Dues are \$15.00 per year for regular members over the age of 16, and are based on a January-December club year. Junior memberships are available for those aged 16 and under, and are priced at \$5.00 per year. Family memberships are available for an extra payment of \$2.00 per year per family member. Members in good standing are entitled to vote in all club matters, run for office, enter club contests, judge in all club contests, and receive a copy of the club's monthly newsletter. Hal's Hobby Warehouse on Bessemer in East El Paso also offers club members a discount on purchases of models and modeling materials. The exact discount is set on a sliding scale. Our club meetings are generally held on the 1st or 2nd Sunday of each month at 2.00 p.m. in the Fellowship Hall of St. Paul's United Methodist Church at 7000 Edgemere Blvd (please see the map below). Schedule changes are published ahead of time in the newsletter.

Where We Meet

Meeting News

Jim Patrick did some figure painting at a couple of meetings. **Mike Boudreaux** did a couple on after market products and how to use them. **Fabian Nevarez** has given at least one on pre-shading. Most of the others have been given by **John Estes**, who by the way was a National Contest winner in 1987 and he won with a model pulled off the shelf, not something worked on for a year to just to enter in the contest. **Steve Herren** asked about a build night or meeting once in a while. At present, we have no place to meet where we can spray paint. We can build and brush paint and decal during our regular meeting, if anyone wants to do so. **Mike Boudreaux** has built at the Bassett Place Mall show for a number of years in the past. So nothing was really settled.

Gervasio Damboriarena attended his first meeting in seven years as he had returned to his native country, Uruguay. It was great to see him. He was in town visiting his wife's family.

Gerardo Escabedo, known to us as "paper Jerry" has been elected president of the San Antonio chapter of IPMS. In his first column as president and as the editor of their newsletter, he made some really nice comments about his days here in El Paso. Thanks Jerry.

Gervasio Damboriarena & Fabian Nevarez

Minicraft C-124A & C-124C in 1/144th scale by Jim Davis

Jim Davis brought a couple of Roden's 1/144th scale Douglas C-124 Globemaster II's. The A model was in the Military Air Transport Service markings of 1954. The C model was in Military Air Transport Service markings of 1959. These were painted with spray cans, one with Testor's the other with Krylon. Very nice work.

Tamiya F-16A in 1/48th scale
by Gerhard Gotzmann

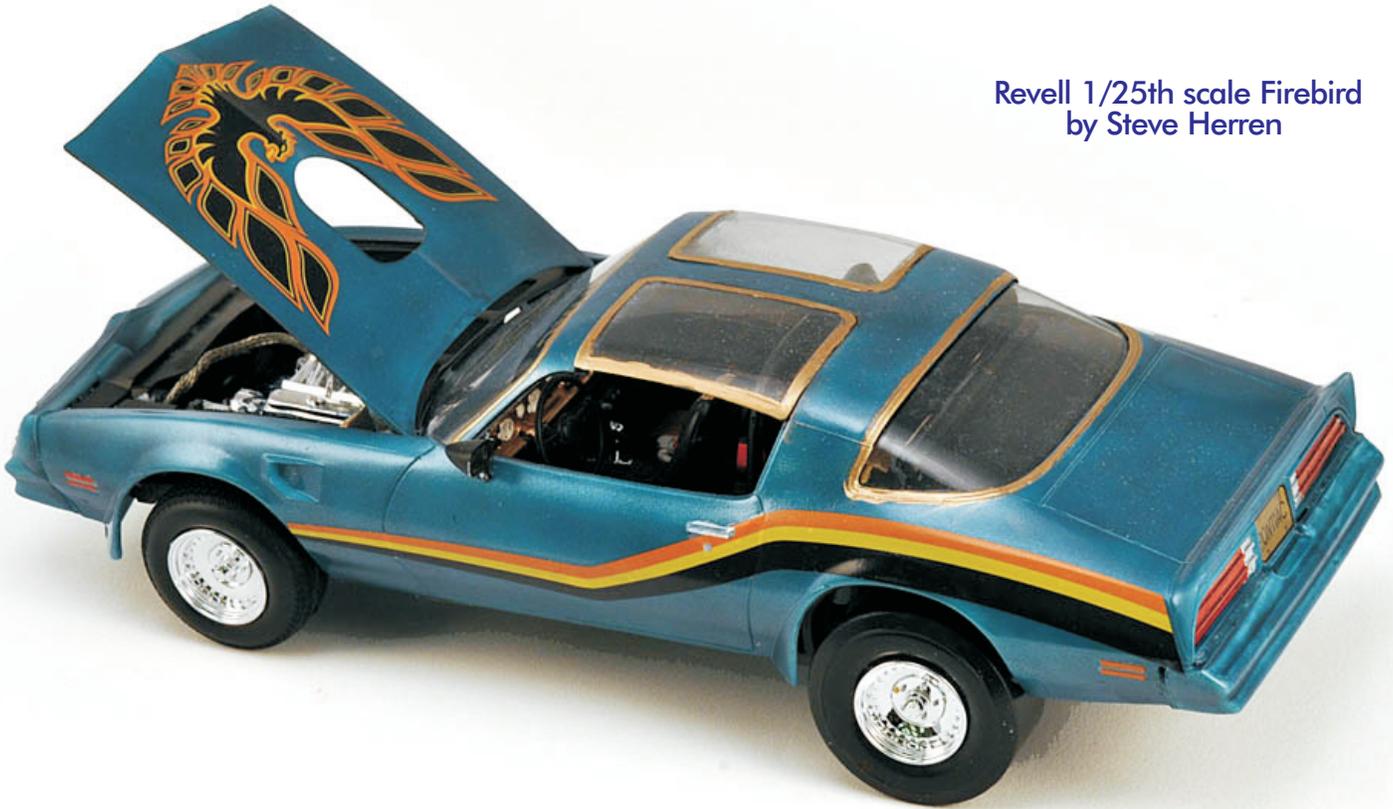

Gerhard Gotzmann brought a Tamiya F-16 in 1/48th scale. This was Gerhard's first attempt at a "What if" paint scheme, showing an F-16 in fictional West German Luftwaffe markings. If Germany had followed many of the other NATO air forces and had gone to the F-16 from the F-104, such a paint scheme might have been possible. Gerhard used a scheme based on the F-104 and used leftover decals from an after market set of JG71 decals. Gerhard gave credit to Fabian Nevarez for help with the canopy.

Revell F-4F Phantom in 1/72nd scale
by Gerhard Gotzmann

His second effort was a Revell F-4F Phantom in 1/72nd scale. This was his second anniversary F-4F paint scheme for JG71 "Richthofen." This scheme shows the 40th year of JG71 and the 25th year of the F-4F in service. Gerhard used a new pre-shading technique, the panel lines were done in oil paint and the red acrylic paint was sprayed at a 30 degree angle. He stated he was happy with result. A final note from Gerhard, more anniversary schemes will follow. Nice work.

Revell 1/25th scale Firebird
by Steve Herren

Steve Herren had a Revell 1/25th scale of a Firebird. Looking good.

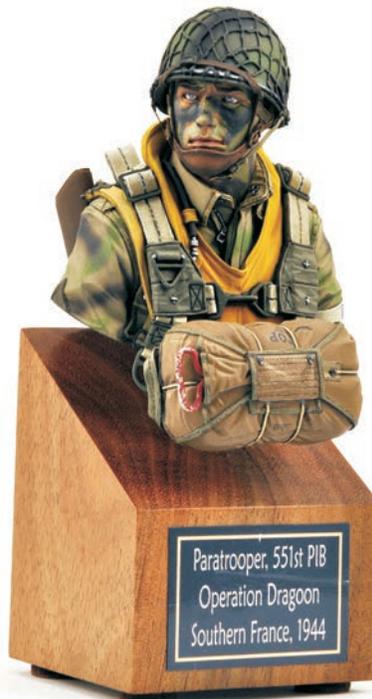

Joe Martinez was back for a meeting. Joe's job often has him working on Sundays so it was great to see him back. His figures were an Andrea 90mm French Guard Grenadier, painted in Vallejo and Andrea acrylics. Outstanding. His second was Young Miniatures 1/9th scale bust of a US Paratrooper, circa WW II, but Joe modified the figure some what. This figure was painted in acrylics and with oils. This figure had been featured on line, but for the life of me, I can not remember where.

Michael King had a CH-34D built from the Hobby Boss kit with the cooling screens cleaned out and a scratch built engine compartment.

He also had an S-3B Viking Cag bird from VS-21. No info given on the S-3, but it had to be the Hasegawa kit I 1/72nd scale.

Mike also had a Macchi MC 200 with a splotch camouflage. His fourth model was a Macchi MC 202 in smoke ring camouflage. Mike bought the decals for this one from Italy. Good stuff.

Show & Tell

The tread heads were well represented by **Carl Webster & Wayne Williamson**. Between these two, they had about 10 armored vehicles.

Carl Webster had the following: A Tamiya M48A3as seen in Vietnam; A Tamiya M48A3 hull and M48A3 turret from the Academy kit, as a Work in Progress; An Academy M113 Zelda with the Legend armored turret and gun shields and hand made sand bags in Israel Defense Force markings; An Academy M113 Zelda with Aef Designs Kasman armored block house also in IDF markings. This model was completed, but stills some weathering and the crew added.

Tamiya PzII F, in 1/35th scale
by Wayne Williamson

Tamiya 223 in 1/35th scale
by Wayne Williamson

Wayne Williamson had a DML T-80 as a WIP, a Tamiya PzII F, A Tamiya 223, a DML Pz IV H, A DML Panther G and a DML Tiger I of the initial production series. All were weathered with Mig pigments. Several really nice models from these modelers.

Musing and other inane stuff

by JOHN ESTES

Well, the NFL did again. The Super Bowl is scheduled on the February meeting date. I would like for us to set a record for the most attendance at this meeting. The last two or three years we have had an outstanding turn out for the February meeting. I have jokingly complained that the nerve of the NFL not to check with us about the scheduling, but the games have been later in the evening so that those that wanted to could leave in plenty of time to see all the game.

We met in our usual meeting room at the January meeting so we had plenty of room and light for our needs.

There were other models and good stuff to check out at the meeting, but I did not get time to take notes on all that was on the tables. Jose Roldan

had another of his favorite models to show, this being a Godzilla. I did not get the scale, but Jose had done a nice job of filling seams and getting the model ready to paint. Jose had done such prep before, but this is the first time he brought one at this stage as a WIP.

Remember, if you want to give a class, let me know so that we schedule you for the meeting. If no one volunteers, you just might be stuck with me giving something.

See you on February 2, same time and same place. 2:00 at St. Paul's Methodist Church, 7000 Edgemere.
