

# The Glue

## El Paso Scale Model Society

JANUARY 2005

### January 2005 Meeting

We had 33 members, family, etc. at our meeting on January 9., a nice turnout for a fun event.

There were a lot of nice models in a variety of scales to see and to look over. Thanks go to Gary Boggs for three really nice 1/35th scale armor models for the door prize stash and to Jack Callaway for a 1/48th scale F-104 for the same stash. We had number of members that renewed their membership, but percentage wise, the out of town guys rejoined at a greater rate.

### Show and Tell

**Jim Davis** had a great looking Hall Bulldog racer in 1/32 scale. This was built from the William's Brothers kit. Jim painted this model with spray cans, some very nice work on an unusual aircraft. Too bad that William's Brothers are no more as a kit maker. Their kits were not shake and bake like some of the main stream manufacturers but were absolutely build able with a little effort.

**Frank Zepp**, a new member that joined in December brought a number of War Hammer figures and equipment to show. The Sci-fi guys were impressed as they should have been and spent a good deal of the meeting looking and discussing some nice work from Frank. He also had the Craven figure from the Spider Man figure set from Polar Lights, with Spidey still under construction. It was nice to see a new member jump right into the fray so to speak and bring models for us to see.

**James Spence** had a Revell 1/99 scale PT boat, the old boat number 211 kit. This is still a nice kit even though it is rather an old kit. James is still one of our most prolific modelers and has an interesting selection of kits in his collection.

*Jim Davis' beautiful 1/32 Hall Bulldog racer*

"The Glue" is the official publication of the El Paso Scale Model Society. We publish on a monthly basis and try to cover just about any area of interest that club members may have.

Model pictures, articles (especially kit reviews), suggestions of any kind, wants and disposals, items for publication, and general gripes, should be sent to the following email address:

fnevarez@elp.rr.com

or if you prefer using regular mail, you can send your submissions to:

## The El Paso Scale Model Society

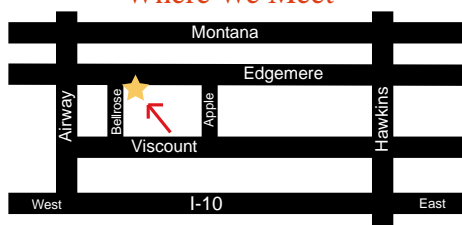

Our club is a chartered chapter of the International Plastic Model Society - U.S. Branch (the IPMS-USA). The EPSMS was first organized in 1969, received its charter in 1970, and has been continuously active since that time.

We are a non-profit organization dedicated to promoting the art of scale modeling (regardless of construction media), and membership is open to anyone interested in scale modeling. Club membership dues are payable on an annual basis (we can accept cash or personal checks). Dues are \$15.00 per year for regular members over the age of 16, and are based on a January-December club year. Junior memberships are available for those aged 16 and under, and are priced at \$5.00 per year. Family memberships are available for an extra payment of \$2.00 per year per family member. Members in good standing are entitled to vote in all club matters, run for office, enter club contests, judge in all club contests, and receive a copy of the club's monthly newsletter. Hal's Hobby Warehouse on Bessemer in East El Paso also offers club members a discount on purchases of models and modeling materials. The exact discount is set on a sliding scale. Our club meetings are generally held on the 1st or 2nd Sunday of each month at 2:00 p.m. in the Fellowship Hall of St. Paul's United Methodist Church at 7000 Edgemere Blvd (please see the map below). Schedule changes are published ahead of time in the newsletter. We normally hold either one or two model contests at each club meeting, one against a specific modeling or historical theme, and one that is an open competition for anything a modeler wishes to bring.

### Our Year 2005 Club Officers

President	
John Estes	915-598-6957 IPMS #3498

## The President's Column

Make note of the calendar on page 2. The Feb. Meeting is a contest meeting. Let's have a good contest next month. Our club still needs to grow. Invite someone that you know is a modeler to come to one of our meetings. Introduce them around and line them up with someone of like interest. It was neat to see the Sci-fi modelers talking and comparing notes with Frank Zepp at the meeting. The interaction among the group is really what makes our club great. Contest are fun I hear, but everyone likes to feel that they are a part of the club and have something interesting for all to see. Remember to Bring a Model and Bring a friend to the next meeting.

John Estes

## Show and Tell

**Mike Boudreaux** was off from classes at UTEP and was able to get some work done on his F-104 in Kriegsmarine markings and he also brought a Special Hobby X-15. The formation lights on the F-104 were outstanding, as was the color selection and finish. The resin interior was also very well represented. Mike may be one of the youngest adult members of the group, but he holds his own in regard to ability and presentation. What we need is about six more members just like him in our group. By the way, the X-15 was a very nice model as well.

**Gus Gonzalez** had a Bell 206 in some interesting rescue/civilian type markings. This is a non-military version of the OH-58. Gus has been to three meetings and

## Announcement

In order to make it possible to deposit your checks in our account, Please make them to **John Estes**, in the memo spot, mark IPMS/El Paso, dues, donation, whatever. We are working on getting things worked out where we can bank with little of no difficulty. I know, you just have to trust John for a while.

All unpaid dues are due for the 2005 year. Thanks to all that have paid.

## Show and Tell

brought models to two of the meetings and won an award at the December meeting. Not bad for a guy who is new to the club.

He had said that he might have to miss the meeting because of TDY, but did not have to leave until Monday to report for his duty assignment. .

**Connie Harth** brought a couple of Super Model kits into show. One was the Fiat CR 32 and the other a Regianne Re 2000, both kits in 1/72 scale. As usual from Connie, some very nice work, nicely displayed and written up for all to enjoy.

**David Ross** brought the most unusual kit shown at the meeting. He brought a kit built by his father some 80 years ago of the Coach from the Body by Fischer ads. It appeared to be about 1/12 scale and was stored in a box that was specially built to transport the kit. Dave, who walks with a cane, was seen carrying the model in its

Special Hobby 1/48 X-15 by Mike Boudreaux

box out of the meeting with someone else carrying his cane for him. Truly tender loving care for a great old model.

**Dane Alley** is still working on his AH-1S and had it to show.

**Duane Velasquez** brought a large number of models from his vast collection, some which were almost in the rare category. He had an F-86H, a conversion; a Heller T-28, a Revell F-89 Scorpion, an He 70 from the Matchbox kit,,a TF-102 conversion, a C-2 Greyhound made from the Falcon conversion, a DC-from the ESCI kit, a Ford Tri-motor from the Airfix kit and a Curtiss SC-1 Sea Hawk float plane, all in 1/72 scale.

Gus Gonzalez's 1/48 Bell 206 JetRanger

## Show and Tell

*Connie Harth's SuperModel Fiat CR 32 in 1/72 scale.*

*1/48 Hasegawa Me109G-6 by Ron Franco*

**Ron Franco** had a 1/48 Me 109G-6 in the markings of Hermann Graf from the Hasegawa kit and a P-51D, the Passion Wagon made from Tamiya kit. Christmas vacation seemed to give a teacher sometime to get some modeling done.

**Fabian Nevarez** has crossed over to the WW II side. At one time you could have expected Fabian to add to his Latin American collection but he has moved into the realm of the Luftwaffe. He had a Me 109G-2, a Do 335B under construction, a Fw 190F-8 and Me 109E-7 and Henschel Hs 129B to show, all were very well done with pre-shaded and weathered finishes. Fabian only gets better.

We had two issue of the GLUE during December and he did the layouts for both. He has a regular job and he still finds the time to get some modeling done. I know for a fact that he was at the hobby shop on a couple of Saturdays as well.

## Show and Tell

**Joe Roper** had a large selection of 1/72scale items on display down at the end of the room but I was not able to get the notes on all that was there. I asked about the models, but Joe said not important, but there was some nice work that was shown.

**Roy Lingle** had a number of armor items to display. Among the items he brought were some Verlinden M2 treadway bridge sections and a Dragon DAK PzKffw IV ausf. F-1. For inclusion in the GLUE in the Armor page, he had an Italeri Crusader Mark III Cruiser Tank.

I am sure that I missed some of the items that were shown, but that sometimes happens. Thanks to all that brought built up kits or kits still in the box to hone our interest in modeling. This models that are displayed and talking with other modelers about models and modeling are what make our meetings outstanding.

## Show and Tell

1/72 T-28 by Duane Velasquez

1/72 Curtiss SC-1 by Duane Velasquez

OK, we admit it. We are looking for new members. Back on page two of this newsletter is a whole bunch of information about our club, where and how often we meet, how to contact us, even how to get a membership card. So it's only fair that we provide a plug for our national organization, which publishes a darn fine magazine 6 times a year, provides us with little things like support for regional and national conventions, and keeps us up to date with manufacturer's reports on ALL the latest kit releases. Hey! It's worth the money just to get the magazine, and there are always some neat modeling articles to check out. Give it a try, OK?

## IPMS / USA NEW MEMBER APPLICATION

IPMS #: \_\_\_\_\_ Your Name: \_\_\_\_\_  
(leave blank) First Middle Last

ADDRESS: \_\_\_\_\_

CITY: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_
