Zahir Vera's 1/35th scale Trumpeter VAZ-469

We had a great meeting this month. Several folks were back after missing three or four months. Clif Bailey came from Alpine again, he just finished several months of Chemo. Bernie McCune was back from his stroke, late last year. Conrad Ottenhoff was back from a hip replacement and Tony Barnard returned after having knee surgery. Attendance was forty plus members, family and guests. We had many really nice models on display.

Clif Bailey's MENG Type VII U-Boat

The model was painted with Vallejo Air Paints and weathered with watercolor pencils.

Thanks to Michael Kennedy for the photos this month.

I have several Club Shirts for sale: \$25.00 is our actual cost.

Anyone remember that the El Paso Scale Model Society was once called the Ensign George Gay Chapter of IPMS. That was the case in 1979. Bert Kinsey suggested that we honor George Gay by naming our group in his memory as the sole survivor of Torpedo Eight at the Battle of Midway.

On another occasion, a lady called asking what we charged for modeling lessons. Her daughter wanted to a fashion model.
