

June 2025

Arthur Berdick's Trumpeter 1/35th scale German Locomotive and Tender

Our June meeting was another great meeting with several outstanding models to view, discuss and enjoy. Again, we had thirty plus members and family in attendance.

The IPMS RC 10 suggested that we might want to move from Region 6 to Region 10 as we are closer to several chapters there than in Region 6. We discussed this idea with 6 IPMS members wanting to make the move. It was not determined if this was a majority or not, but we will leave it up to the National Organization to decide.

As a member of IPMS/USA, you may attend any Regional or National event. However, if you decide to enter a contest, you will have to pay an entry fee in order to compete.

I asked for information on the Make and Take Program in February and it is now July, and I have not heard anything from IPMS. Just for your information.

The Father's Day event at Bassett Place was reported to be another successful event. Well done to all that participated or helped with the event. Pictures were on the Facebook site. I have not decided if I will insert any in this newsletter as there are several photos for this issue.

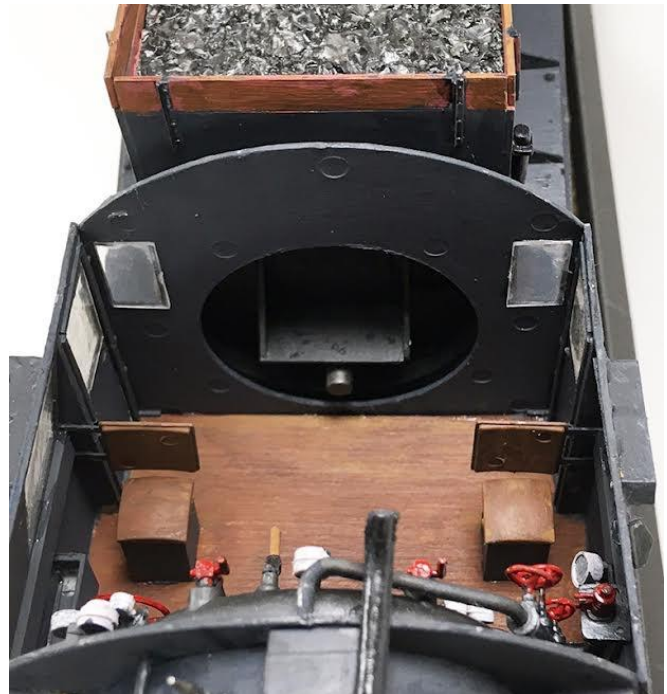

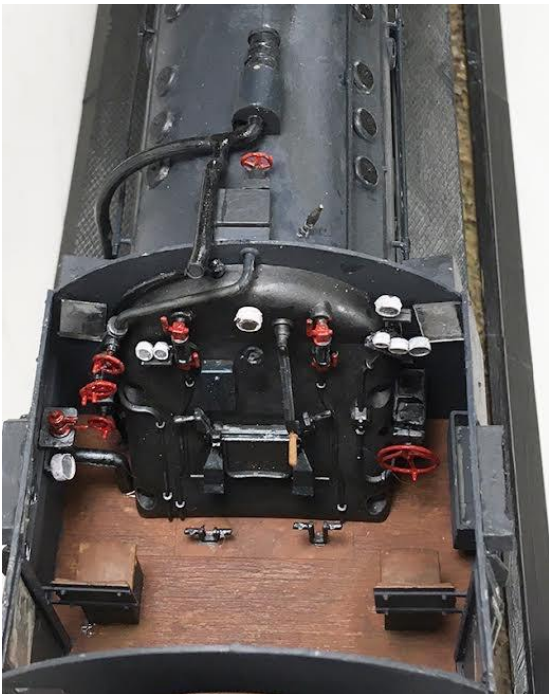

Roger Gutierrez" Airfix 1/72nd scale Ki 46 Dinah

Carlos Delgado"s Doyusha 1/32nd scale Kawanishi N1K2 Shidenkai

We meet Sunday, July 7 at 7000 Edgemere 2:00 P.M.

Zahir Vera's Trumpeter 1:35th scale CCKW-352 M2A1 Machine Gun Turret Ver. w/M2A1 105mm Howitzer

Carlos Delgado asked about the next Albuquerque club meeting. It will be July 11 at 6:30 according to information on their web site. However, no venue is listed.

I have not heard anything about the Make and Take program with the Cub Scout troop. Stay tuned for information that will be provided.

Ricard Macias's 1/48th scale F-86

Richard Macias's Revell 1/48th scale P-38

Ricard Macias's Monogram 1/72nd scale AV8 Harrier
